

California OES Weather Threat Briefing

Saturday, November 21, 2020
9:00 AM PDT

- **Day 1 (Saturday):** Elevated fire weather conditions expected over the southern California mountains where locally gusty conditions and low humidity are expected. Otherwise, quiet weather will prevail for much of the state today.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/21/20 - 11/27/20

Saturday-Wednesday

- Areas of overnight and early morning fog continue for the coastal valleys the next few nights, with localized very low visibility
- Elevated fire weather conditions are expected Saturday through Monday night over the southern California mountains where winds will locally be gusty up to 35 mph and humidity will remain low
- Some very light precipitation could return to far northern California Sunday through midweek, with otherwise dry and quiet weather conditions expected for much of the state over the next 7 days

Thursday-Friday

- Dry and localized breezy conditions are expected late week
